

*FINAL* Programmatic Environmental Impact Statement  
for Accomplishing Expanded Civilian Nuclear Energy  
Research and Development and Isotope Production Missions in the  
United States, Including the Role of the Fast Flux Test Facility

**Volume 3 Book 3—Comment Response Document**

Cover photograph and illustration identification, beginning at top center and going clockwise:

- Radioisotope tagged monoclonal antibodies, “smart bullets,” target malignant cells for diagnosis and treatment of diseases
- The Fast Flux Test Facility at the Hanford Site near Richland, Washington
- Illustration of a satellite that could use radioisotope power systems
- The High Flux Isotope Reactor at the Oak Ridge National Laboratory near Oak Ridge, Tennessee
- The Advanced Test Reactor at the Idaho National Engineering and Environmental Laboratory near Idaho Falls, Idaho
- Tip of a remote-handling arm, used for work in developing industrial and medical isotopes

Volume 3, the *Comment Response Document*, is organized into three chapters:

- Chapter 1 - Overview of the Public Comment Process and the Comment Response Document
- Chapter 2 - Written Comments and DOE Responses
- Chapter 3 - Oral Comments Presented at the Public Hearings and DOE Responses

These chapters are divided among the three books of Volume 3 as follows:

- Book 1 - Chapter 1 and Chapter 2 (pages 2-1 through 2-931)
- Book 2 - Chapter 2 (pages 2-932 through 2-1914)
- Book 3 - Chapter 2 (pages 2-1915 through 2-2344) and Chapter 3

Chapter 1, “Overview of the Public Comment Process and the Comment Response Document,” summarizes key issues raised during the comment period on the Draft NI PEIS. It also identifies major changes made to this NI PEIS after publication of the Draft in response to these comments and incorporates new information that was unavailable at the time of the issuance of the Draft NI PEIS.

Chapter 2, “Written Comments and DOE Responses,” provides a side-by-side display of the written comments received (full-text reproductions) and DOE’s responses. Individual comments are numbered in the margins of the comment document, and DOE responses to each numbered comment are provided on the right side of each page.

The comment document numbers in Chapter 2 are in ascending order but are not sequential. Each comment document was assigned a sequential log number as it was received. When the same comment document was submitted by many individuals, it was designated as a campaign. The campaigns were grouped together for the purpose of responding to comments, and do not appear in numerical order.

Chapter 3, “Oral Comments Presented at the Public Hearings and DOE Responses,” provides a side-by-side display of the oral comments presented at the public hearings and DOE’s responses. The speakers’ names appear alphabetically by hearing location. Commentors who submitted their oral presentations in writing will find their submittals and DOE’s responses in Chapter 2.

## **To Find a Specific Comment Document and DOE Response**

Refer to the “List of Commentors” immediately following the Volume 3 Table of Contents. This list is organized alphabetically and contains the corresponding page number(s) to find the comment document. The public officials, organizations, and interest groups appear first, then individuals are listed. City and state government bodies are listed under “City of” or “State of.” Members of Congress are listed alphabetically under “Members of Congress.”

*DOE has made a good faith effort to interpret the spelling of names that were either written on comments or were recorded on the telephone comment line.*
